#### INNS OF THE MONTH

When another weekend in the city is the last thing you need, set your sights on one of these pastoral finds. With just three rooms, the Poetry Inn (6380 Silverado Trail, Napa, Calif.; 707/944-0646; [www.poetryinn.com](http://www.poetryinn.com); doubles from \$575) is one of the most tranquil spaces in the buzzing Napa Valley. Guest rooms have wood-burning fireplaces, private terraces, and both indoor and outdoor showers. Kick off the day with a breakfast of Brie-and-strawberry-stuffed French toast at a table overlooking the vineyards.
