## AMERICA'S TOP 100 GOLF COMMUNITIES

Our Annual List of the Best Places to Live—and Live Well

### 4 MAYACAMA Santa Rosa, California

When in doubt, developers of golf communities turn to “Tuscan” or “Mediterranean” design themes. This community comes by its European sensibility honestly, through its vintner members and wine-country pedigree. The golf is walking-only on a highly praised Nicklaus design, vintage 2001. Homes are villas with courtyards or cottages on generous lots.
